

Assembled PUR-Cable 5, 15 or 30 Meter (W = with angel connector) for VIB 11XXAXS-XXX

Usage:

The cable VIB-CA-M12(W)-xM is a ready assembled PUR-Cable which is available in x = 5, 15 und 30 Meter as well as a connector configuration: W = Angle connector 90°

The cable can be used for the connection of a Status Pro vibration sensor VIB-1100XX or a VIB-1185XX. The M-12 coupling offers a sealed connection and the shield is guaranteed by the knurled nut.

Technical data:

Temperature range:	-25°C / +80°C
Mechanical data:	IP 67 with tightened connector
Electrical data:	
Flow-resistance:	≤ 5 mΩ
Max Power at 40°C:	4 A
Max Voltage:	240 V
Test Voltage: Isolation	2,0 kV eff. / 60 s
resistance:	> 109 Ω

Specials:

PUR
Non-halogen
Oil resistant
Lubricant resistant
Tow cable possible
screened
